

**NON-STAINING
WEATHER RESISTANT**

Pare de masticar
Arrêter de mâcher

USE ONLY AS DIRECTED

DIRECTIONS: Use outside or in a well-ventilated area. Stand upwind as product can be very irritating to eyes, nose, mouth and throat. Do not use on the "spray" setting. USE ONLY "STREAM" SETTING.

Carefully apply **QUIT CHEW™ TRAINING AID** on wood fences, ornamental plants, trash cans, sprinkler heads, garden hoses, outdoor work shoes, dog houses, wood trailer ties, lead ropes, blankets, bandages, manes, tails, etc. Usually one stream per area is enough. Repeat as needed.

INFORMATION: **QUIT CHEW™ TRAINING AID** uses the active ingredients of oleo resin capsicum, capsaidine, and bitter agents to aid in the training of pets, horses, and other farm animals to stop chewing.

**CLEAR
NON-STAINING
WEATHER-RESISTANT**

QUIT CHEW™

CAUTION: KEEP AWAY FROM CHILDREN.

If irritation from skin contact should occur, rinse with cold water until pain subsides, repeat as necessary. If the irritation persists, get medical attention. If eye contact occurs, flush with copious amounts of water for 2 minutes and repeat again as necessary. Call a physician if ingested. **DO NOT INDUCE VOMITING!!!** Immediately get medical attention.

FORMULA IS NON-TOXIC.
